Q: Cannot understand the meaning of "and I wish that you may be the chosen sacrifice, along with your brother, and that the Lord our God may again set up his dwelling in your midst" What does it mean by "that the Lord our God may again set up his dwelling in your midst"? A: "That" refers back to the previous clause: you, the nation that has been accustomed to rebel against me. The LORD our God is not "dwelling" in Israel in the sense that Israel is his dwelling place, his land of rest, his place of worship, or his earthly home. He is dwelling in his heavenlies. The main "dwelling" mentioned in the verse is actually a reference to the temple in Jerusalem. However, it is not the "Lord" that dwells in the temple. The Lord is present in and through the temple, but he is not dwelling there. Thus, the phrase "that the Lord our God may again set up his dwelling in your midst" is referring to the temple, and it is the temple in Jerusalem that is being discussed. The rest of the verse is the main point of the verse. Basically, it is saying that we believe that the temple will be rebuilt, but until that day when it is built, we are living in the interim and need to be faithful to God, as God will dwell in the temple, and only through living in righteousness will he "set up his dwelling" in our midst. // GENERATE BY./scripts/generate.ts // DON NOT EDIT BY hand import * as React from'react' import Paper from '@material-ui/core/Paper' import ListItemOutlinedIcon from '@material-ui/icons/ListItemOutlined' import DeleteIcon from '@material-ui/icons/Delete' import { getJsonValues, getJsonValue } from
